Docket No. 98 N-1265

Food and Drug Administration 4-1-99 APR -6 A 9:47

Rockville, MD. 20857

10PPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: I need the special services of an out-of-state pharmacy to get the medication my doctor proscribes. This is the only source for this medication and I feel the public deserves to choose what kind of prescription they want to take. Do not limit consumers to the large drug companies who sell through mass market pharmacies.
